Letter from the President

Jessamine County families and neighbors,

After reading this month's newsletter from Babe Ruth it is interesting that most people when they hear the term "March Madness" immediately think of basketball, the NCAA, the Big Dance, or the Final Four. However, it is during the month of March that a lot of people get madness for baseball. It is when we are able to let go of our winter blues. Once again Jessamine County Youth Baseball is pleased to offer our spring season of Cal Ripken baseball!

Our faithful worked hard this off season in our quest for continual improvement of our administration, facilities, coaches and the joy of our players. 2008 proved to all of us that with the hard work from our parents, coaches and the many volunteers we can produce a work ethic in our children that will help them in everything they will do going forward. Let's continue with the positive, proactive approach to our league as well as our young player's lives by setting the good example.

Jessamine County Youth Baseball takes great pride in being part of a wonderful community. We have approximately 500 children participating in the program. Most attend one of the local community schools and participate in other sports or community activities. We are glad that baseball has fostered many friendships that help the children in school and in other areas of life. It is always great to see kids come to the fields to watch a friend play or to see how another team is doing. Please help us to provide a clean, safe, friendly and exciting place to watch or play baseball for years to come.

Best regards,

Anthony Gann
President, JCYB

Jessamine County Youth Baseball

Team Mom Meeting

When: Monday April 6th 6:30 pm

Where: City Limits, 106 Courchelle Dr, Nicholasville, KY

ALL TEAMS ARE REQUIRED TO SEND A REPRESENTATIVE.

Field Upgrades

Part of our long term plan @ JCYB is to upgrade/update our fields and common areas over the next couple of seasons.

Volunteers have spent countless hours this offseason improving our facilities. We focused the majority of our attention this season on our Major league field. We will move on to one field each off season until they are all in tip-top shape.

Special thanks are in order for Ron Shearer, without his help this project would have been a much tougher task.

Some of the updates to the field included:

1. Installation of an in-ground sprinkler system.
2. Leveling the infield
3. Laying new sod.
